

## TABLE DELICACIES

SOME OLD AND NEW RECIPES OF VALUE.

**Chestnut Puree**—An Excellent Dish for Luncheon or Dinner—Best Method of Making Delicious Drop Cakes.

Slice cold boiled beets, then cut into strips no larger than a match. Line a bowl with lettuce and arrange the shredded beets in a mold. Just as the salad is to be served put a few spoonfuls of mayonnaise over the top.

**Brambles.**  
Cook together for two or three minutes one cup of raisins and one cup of sugar, one beaten egg, and the juice of one lemon and grated rind of one-half lemon. Roll out some good paste, cut in rounds, put a teaspoon of the mixture on one-half. Moisten the edges, roll over, press together, and bake.

**Roast Pork Sparerib.**  
Place the sparerib in a dripping pan and cover with greased paper. Bake until about half done, then remove the paper; dredge with flour and baste with the gravy. When nearly done cover the surface with fine, cracker crumbs. Sprinkle lightly with pepper, salt and powdered sage. Cook ten minutes and baste again. Skim the gravy and thicken with browned flour; season with a little sage and lemon juice and one teaspoon of tomato catsup. Strain and serve in a bowl.

**Molasses Cake.**  
Put one cup of molasses, one-half cup of milk, one-half level teaspoon of salt, and one teaspoon of ginger into a mixing bowl. Dissolve one level teaspoon of soda in one tablespoon of cold water and add to the other ingredients with two tablespoons of melted butter, two cups of sifted flour, and turn into a shallow buttered pan. Bake about 20 minutes.

**Flannel Griddle Cakes.**  
Beat in the whites and yolks of two eggs separately; add to the yolks two cups of milk, two tablespoons of melted butter, two level tablespoons of sugar, and three cups of sifted pastry flour. Mix well, then add four level teaspoons of baking powder; beat hard and fold in the stiffly beaten whites of the eggs.

**Chestnut Puree**  
Shell four dozen large chestnuts sold under the names of French, Italian or Spanish, and the best way to do this is to put them in a pan with a little butter or lard and set in a very hot oven a little while. Turn often and the shells will become brittle. Cover with boiling water and cook half an hour; drain, mash and season with a rounding tablespoon of butter, one level teaspoon of salt, a saltspoon of pepper and one-half cup of white stock. Rub through a puree strainer and cook one hour in a double boiler. Add cream to moisten and beat light and smooth before serving.

**Drop Cakes.**  
One-half cup butter, one cup sugar, two-thirds cup sweet milk, yolk of one egg, one teaspoonful soda, and two teaspoonfuls cream of tartar. The white of the egg well beaten should be put in before the flour. Rub butter, sugar, and yolk to a cream. Dissolve the soda in a teaspoonful of warm water, and add the cream of tartar to two cups of flour well heaped. Now put all the ingredients together and stir enough to mix the flour in well. Drop on pans, and just before putting in the oven put a whole raisin in the from breakfast.)

**Maple Sugar Cake.**  
Cream one-third cup of butter with one cup of sugar, add the well-beaten yolks of two eggs and one-half cup of milk; sift two cups of flour with four level teaspoons of baking powder and add to the first mixture; beat smooth and add the stiffly beaten whites of two eggs; bake in two layers and put maple frosting on top and between the layers.

**To Retain Color in Cotton Goods.**  
Delicate shades of cotton fabrics, blues, pinks, lavenders and so forth, can be laundered and still be as pretty as new, if they are treated as follows, says the Housekeeper: Drop one teaspoonful of spirits of turpentine into one-half gallon of cold water, wet the goods thoroughly in this, wring dry and hang in the shade. When thoroughly dry it can then be laundered. There is no odor left from the use of the turpentine. This method has been tested time and again, and always with perfect results.

**Women Run Large Institution.**  
A woman druggist, with seven young women assistants, is at the head of the pharmaceutical department of two large municipal hospitals in Amsterdam. The only man on the premises is the janitor.

**Punch Cracks a Joke.**  
A discussion has been taking place in the columns of a contemporary as to who is the oldest odd fellow. It would, we fancy, be still more difficult to decide who is the oddest old fellow. —Punch.

**DISFIGURING SKIN HUMOR.**  
Impossible to Get Employment, as Face and Body Were Covered with Sores—Cured by Cuticura.

"Since the year 1894 I have been troubled with a very bad case of eczema which I have spent hundreds of dollars trying to cure, and I went to the hospital, but they failed to cure me, and it was getting worse all the time. Five weeks ago my wife bought a box of Cuticura Ointment and one cake of Cuticura Soap, and I am pleased to say that I am now completely cured and well. It was impossible for me to get employment, as my face, head and body were covered with it. The eczema first appeared on the top of my head, and it had worked all the way around down the back of my neck and around to my throat, down my body and around the hips. It itched so I would be obliged to scratch it, and the flesh was raw. I am now all well, and I will be pleased to recommend the Cuticura Remedies to all persons who wish a speedy and permanent cure of skin diseases." Thomas M. Rossiter, 290 Prospect Street, East Orange, N. J., Mar. 30, 1905.

**Real Home of the Peanut.**  
Botanists have placed the home of the peanut in Africa, but some authorities think it native to Brazil. Louisiana finds the Spanish variety—a small, but fine nut—best adapted to the climate of that state. The "goob-ber grabbers" of Georgia and South Carolina like the small white and red peanut of Tennessee, and each year shows an increasing cultivation in those states of that variety.

## WHAT JOY THEY BRING TO EVERY HOME

as with joyous hearts and smiling faces they romp and play—when in health—and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature, and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co. Syrup of Figs has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use.

Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained, by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.
